
Do you make "love knots", "eternity rings", etc.?

In the course of creative marketing designers and promoters have created many names for designs that are a mixture of brand name and traditional symbolism. There is not really any one knot design that can claim to be the eternity ring, since the symbolism of the endless knot is universal to all knots that are endless. Knots with hearts can be more specifically "love knots". The Josephine's knot is often called a lover's knot because it is a linking knot but so are many other knot designs. More about History and Symbolism
